

OUR CLIMATE CHANGE POLICY

We commit such as;

- Will work to reduce the negative impacts of climate change in all our activities and internal operations,
- Will take the necessary actions in line with the targets we have set to reduce greenhouse gas emissions,
- While prioritizing the risks that may arise from climate change in our processes, we will work in cooperation with our stakeholders in risk and change management,
- Within the scope of combating and adapting to climate change, we will cooperate with relevant governmental organizations for sustainable infrastructure, protection of water resources, prevention and/or reduction of pollution, improvement and protection of biodiversity and ecosystem,

as a DYO BOYA FABRİKALARI A.Ş. carries out production and sales activities
